### **Treasurer's Report (Jane A.) <todo>**

We have \$15657.57 in checking at the end of March. Non-event expenses since November consisted of the \$5 service charge. Non-event income consisted of \$320 in membership payables.

Mar LBMS: Expenses consisted of \$742.50 for sanction and insurance, \$120 for weekend memberships, and \$420 for the remainder of site rental.

### **Solo Report (Tom P.)**

- 4/20 event lbms – Another Easter autocross, was originally scheduled for the previous weekend, but there was a conflict
- May tentative at Landers
  - Drifters were running an event in the middle of a tornado outbreak, and got kicked out, with noise as the official reason – Southaven has a vague/subjective limit, Landers says they have a 75db limit, and will check with SHPD to check their disposition, and whether this affects us
  - We're going to mention it at the LBMS drivers meeting, and run sound on a warning basis
- 6/28+29 – LBMS, RMHC AX on Sat, regular points Sun

### **Old Business:**

- T-shirts – In progress – Printer ready to push the button, but our EPS formatted region logo was still low resolution bitmap, so they're holding up. AM and BG going to take a crack at vectorizing

- RMHC Event – Tom will contact RMHC/Kye Kocher, and Ken will contact SWCC/Lisa Halfacre, for banners/volunteers.
- Race Chair position – Bobbie West – position is hers if she wants it. (Richard will contact her)

**New Business:**

- Bring back mini traffic cone awards at each event? AM has a cheap source, Jeremy may have free stock, table the club buying more until we talk to them. Awards presentation explicitly following site cleanup, not before, to encourage collaborative cleanup.

**Adjourned at 8:15 PM (not including short break for food). Next meeting May 13<sup>th</sup> at Central BBQ on Summer.**
